

Career Roadmap

Roadmap

कौ?

এই roadmap হলো mobile app development শেখার একটি complete path।

এখানে তুমি শিখবে কীভাবে zero knowledge থেকে শুরু করে real-world mobile app বানানো যায়।

আমরা focus করবো React Native এবং AI integration এর উপর, যা বর্তমানে খুব বেশি demand এ আছে।

Beginner

Stage

- JavaScript ES6 concepts
- Basic TypeScript
- GitHub

Mobile apps কিভাবে Android এবং iOS এ কাজ করে

React এর fundamentals যেমন components, props, state

Core

Mobile Development

- Components (View, Text, Image)

- Styling & Flexbox

- Navigation (Stack, Tab)

- Forms & inputs

- API fetching

UI/UX

Development

- Responsive design
 - NativeWind / Tailwind
 - Dark mode UI
 - Animations
 - Reusable components
-

Backend & API

- REST API
 - Axios / Fetch
 - Authentication (JWT)
 - Firebase basics
 - Database (MongoDB)
-

AI Integration

- OpenAI / Gemini API
 - AI chat apps
 - Image generation
 - Voice to text
 - AI assistants
-

Advanced Development

- Performance optimization

- Push notifications

- Offline apps

- Security

- App testing

Career Options

- React Native Developer

- AI Mobile App Developer

- Freelance Developer

- Remote Job

- Startup Founder
